Albums and Galleries Function

The **Galleries** tab provides members with access to the winning images from the various Club Competitions held during the **past 6 seasons**.

There are 11 different Competitions held each season. The collection of images for one season's competition, such as Freeman Patterson (2012-2013) is called a **Gallery**.

A collection of galleries for a particular series of competitions, over a period of time, such as the Freeman Patterson Competitions , is called an **Album**.

Feel free to browse the many great images that our winning members have contributed over the years. We are sure that you will **be Inspired!**

Note: to avoid consuming large volumes of disk storage, only the last 6 years of galleries will be kept online for each of the competitions.

The screenshot shows the website interface for the Toronto Digital Photography Club. The browser address bar displays 'tdpc.ca/galleries/competitions-album/'. 1000 Islands Outing – September 27-29

Posted on September 3, 2013 • 0 Comments

Our fall weekend outing this year is set for Friday, September 27 to Sunday, September 29 to explore the Kingston area. This is a busy weekend in Kingston with many RMC events happening. We are therefore suggesting that members stay nearby in Gananoque – about 20 minutes east of Kingston, via 401. **If you are planning to attend, please book a room now as there are only a limited number of rooms available.** While it will not be feasible for us all to stay at one location, we have found more than enough rooms amongst various motels. For details, see the email that was sent out on August 20th.

Summer Issue of Local Colour

Posted on August 27, 2013 • 0 Comments

The SUMMER Issue Local Colour is now on-line. Check it out to find out who is fascinated with camera GPS', who loves Ontario in the spring and why Lance is smiling so much. Also Leon Shahaar and other club members go trespassing to "get the shot", while Luba proves that not everything goes as planned....

Membership and Meetings

Do I need to be an expert photographer to join the club?

You most definitely do not. The club has members of varying levels of experience and covering various photographic areas of interest. All you need is a passion for photography and a willingness to learn and improve your skills, all while having fun doing it. Drop us a note at membership@tdpc.ca if you would like to drop by and check us out.

When and where are camera club meetings held?

The camera club meetings are normally held on most Tuesdays from early September to April, starting at 7:30 p.m. at the [Edithvale Community Centre](#) in the Banquet Hall, located at 131 Finch Ave. West, only a 5 block walk or short bus ride from the Yonge and Finch subway stop. Check the website regularly to confirm meeting nights or upcoming special events.

Evaluation Groups

What are Evaluation Groups and what can I get out of them?

Evaluation groups are small, informal groups that meet in member's homes or other agreed to venues. They provide an opportunity for low-key, friendly feedback on member's images. Currently there are a number of active evaluation groups and members find them an excellent opportunity to provide & receive feedback on their images. It's also a good way to pick up tips on what techniques other members used to create that "wow" factor.

Contact Function

The **Contact** tab, will list key club contacts. This is another good resource for new members if they wish to learn more about certain club activities.

It also provides a glimpse into the various committees that exist and if you are interested in getting involved, this is a great place to start.

The first contact on this page is the **webmaster** should you encounter technical issues with the site.

As always we welcome your comments, suggestions and feedback on any club-related topic that you would like to bring to our attention.

Let us know what's on your mind and how we can make "our club" a better club.
